

# Wasted Love

Wild Orchid

How could you do this to me?  
How could you do this to me?  
I put my trust in you  
That's what you're supposed to do

How could you tell all those lies  
While you're looking dead straight in my eyes?  
You're someone I thought I knew  
She must have thought so too

Before I say goodbye...  
Just tell me why did I give just a little but more  
And take just a little bit less  
And try just a little bit harder  
When it's all just wasted love

Why did you kiss me that way?  
Why did you stay?  
Now it's all just wasted love

Looking back now it's all making sense  
When you said she was only a friend  
Friends who were making love  
Was it worth breaking up?

All the answers I don't want to know  
I'll keep asking for, after I go  
The flowers they came too late  
You've turned the love to hate (ohh)

It's your turn now to cry  
Just tell me why did I give just a little but more  
And take just a little bit less  
And try just a little bit harder  
When it's all just wasted love

Why did you kiss me that way?  
Why did you stay?  
Now it's all just wasted love

We can try and lie, but we both know  
Too many things have changed  
The memory of her in your arms  
Is driving me insane

The shattered dream just breaks my heart  
I can't go on this way  
I will never look at you the same  
You wear a different face  
Just tell me why did I give just a little but more  
And take just a little bit less  
And try just a little bit harder  
When it's all just wasted love

Why did you kiss me that way?  
Why did you stay?  
Now it's all just wasted love
