Days and nights and nights and days, In silent shades of lazy grays. I call your name.

It's all the same. Sitting, staring at the ceiling, dripping painted pictures peeling, from my walls, the time just crawls.

Was it yesterday?
I don't know, was I dreaming (dreaming)
or did I lose everything
I believed in?
If you could only see what I see

Every time you leave.

Imagine a world with no sky
Imagine the ocean run dry
Imagine and you'll see the view
of my world without you

Imagine no sun and no rain
Imagine that each day's the same
It doesn't matter what I do
In a world without you

Doers doing, thinkers thinking Lonely lovers lips are sinking In my tea they're burning me

Wasted weepin' someone speakin' through my head the bed is leakin' Tears again and there's no end (no,no)

Was it yesterday?
I don't know, was I dreaming (dreaming)
or did I lose everything
I believed in?
If you could only see what I see

Every time you leave.

Imagine a world with no sky.
Imagine the ocean run dry.
Imagine and you'll see the view
of my world without you

Imagine no sun and no rain
Imagine that each day's the same
It doesn't matter what I do
of my world without you

Imagine Imagine

Imagine Imagine

Imagine that the flowers won't bloom Imagine that I couldn't be with you nothing else can get me through In a world without you

That's my world without you here That's my world without you there That's my world without you baby.

Imagine ...
