

# When Legends Come To Life

Wildpath

Pages of an old book  
Tales of the wise and fool

Stories come from the past  
To build honour and faith

Fantasy and reality together

A pure heart can hear heaven's call  
To open the secret door  
Let light impregnate your soul  
Feel it

When the dragons touch the sky  
All legends come back to life  
For eternity, there's a light in your nights  
Your soul now is free to dream of infinity

Old secrets of the world  
In the heart of a Child

A shadow in the sky  
Just in front of his eyes

A pure heart can hear heaven's call  
To open the secret door  
Let light impregnate your soul  
Feel it

When the dragons touch the sky  
All legends come back to life  
For eternity, there's a light in your nights  
Your soul now is free to dream of infinity
