I'm Skanking

Wiley

I'm alone, I'm getting my skank on.
Training.
Cus I wanna be the skanking champion.
So every time you hear the skanking anthem,
Just, make sure you have a skanking tantrum.
I've got skanks that I'm scared to do in public,
But that's what I'm here to do, skank.
Moonslide, and I'm crippin with the right and the left,
Couple of skanks, rare and new.
If I go to practice here,
And you try burst in the room,
With a clearer view,
You'll see me on a roll,
The way I boogie I show,
Everybody wants to learn my moves.
I do a front flip, back flip,
Only in my dream though,
I've got a technicoloured dream coat on,
Go crazy when the routine goes wrong,
Like why's the routine so long?
Here we go now,

One, two, three, four, I'm skanking (4x)

A lightweight gyaldem are super dancers,
Back it up girl, you're a super parker,
Plus the angles that you choose are smarter.
I wanna blah blah, but we'll sort it after.
Cus right now all I wanna do is keep boppin,
You see me doing it, high street boppin,
You see me doing it, late night shopping,
You'll see me doing it, party aint stopping,
Tunes I keep dropping,
Skanks are outrages,
I'm trying to avoid the cheese. Quavers.
Out to all the ravers, on the side line,
When you see me in the middle, that's my time.
I bust a one job, just like a yard man.
I swing around this jungle like Tarzan.
When the haters say, "We cant stand him."
I'm in my bedroom, skanking.

One, two, three, four, I'm skanking (4x)

Skank to the left,
Boogie down, skank to the right.
Boogie, skank to the left,
Boogie down, skank to the right.
Grab a right foot, jump it,
Boogie, grab a left foot, jump it,
Grab a right foot, jump it,
Boogie, grab a left foot, jump it.

One, two, three, four, I'm skanking (8x)

Hold tight all the skankers, when you're on your own,
In your bedroom, or in your house,

Wherever you are,
Having a little skank, practicing,
Whilst no one is watching,
Hold tight the people that burst in whilst we're skanking,
It's nothing. We're just skanking.

One, two, three, four, I'm skanking (3x)

Wherever you are,
Having a little skank, practicing,
Whilst no one is watching,
Hold tight the people that burst in whilst we're skanking,
It's nothing. We're just skanking.
