

Yonge Street (1,178 miles long)

Wiley

If you got a problem, you should get up and express it
But I ain't got a problem, I'm just feeling energetic
See, people come on Twitter saying "Wiley you're pathetic"
Then I just make a song and tell 'em I don't need your credit
All I need for me to live is music don't forget it
When you try to put the pressure on and take away the credit
I'm living on my own merit
Your merit I do not bread it
My merit you had to bread it in order for you to get it, listen!

I'm a don, aha!
I'm a don, aha!
You hear it when you listen to my song
I can do it, doesn't matter where I'm from, aha!
But I'm like Yonge Street when I'm being long
But I'm like Yonge Street when I'm being long
But I'm like Yonge Street when I'm being long
You can find me in the right, you can find me in the wrong

If you got a problem, get it out into the open
Don't matter what you say cos my vibe is never broken
My CD's gonna change a couple people when I show em
It's not that I am arrogant, it's just because I know 'em
It's only cos they know me, I'm a don
And I display it in the song (I display it in the song)
I can do it for the ladies
I might explode how I'm feeling like the bomb
They do it for attention but I do it cause I'm me
Show me all the figures that I said I wanna see
Said I got an eight, I was happy with a three
After that I got a two, then I got another three
Cause I make it to the finish line
Travel around the globe
Walking in the snow and the gravel on the road
It's hard for me to show 'em all the talent that I hold
My spirit is a winner, like the winners that I know!
Here we go!

I'm a don, aha!
I'm a don, aha!
You hear it when you listen to my song
I can do it, doesn't matter where I'm from, aha!
But I'm like Yonge Street when I'm being long
But I'm like Yonge Street when I'm being long
But I'm like Yonge Street when I'm being long
You can find me in the right you can find me in the wrong
