

Let Me Be Free

Wilkinson

Your body and mind
Will rest over me
When love's all I see
When love's all I need

Your body and mind
Will rest over me
When love's all I see
When love's all I need

Your body and mind
Will rest over me
When love's all I see
When love's all I need

Your body and mind
Will rest over me
When love's all I see
Don't let me be free

Don't let me be free
You dance slowly
Moving closer to me
Hold me tightly
Don't let me be free
Don't let me be free
Don't let me be free
Don't let me be free

Your body and mind
Will rest over me
When love's all I see
When love's all I need

Your body and mind
Will rest over me
When love's all I see
Your love's all I need
Your love's all I need
Your love's all I need
Your love's all I need

Don't let me be free

Don't let me be free
You dance slowly
Moving closer to me
Hold me tightly
Don't let me be free
Don't let me be free
Don't let me be free
Don't let me be free

Your body and mind
Will rest over me
When love's all I see
When love's all I need

Your body and mind
Will rest over me
When love's all I see
Your love's all I need
Your love's all I need
Your love's all I need
Your love's all I need
