

Let You Know

Wilkinson

I wanna let you know
I wanna let you know
I wanna let you know
I wanna let you know
I wanna let you know
I wanna let you know
I wanna let you know
I wanna let you know
That our souls are connecting
That our souls are connecting
That our souls are connecting
That our souls are connecting
See no one ever really dies
See no one ever really dies
I wanna let you know
I wanna let you know

I wanna let you know
I wanna let you know
I wanna let you know
I wanna let you know
I wanna let you know
I wanna let you know
I wanna let you know
I wanna let you know
That our souls are connecting
That our souls are connecting
That our souls are connecting
That our souls are connecting
See no one ever really dies
See no one ever really dies
I wanna let you know
I wanna let you know

I wanna let you know
I wanna let you know
I wanna let you know
I wanna let you know
I wanna let you know
I wanna let you know
I wanna let you know
I wanna let you know

I wanna let you know
I wanna let you know
I wanna let you know
I wanna let you know
I wanna let you know
I wanna let you know
I wanna let you know
I wanna let you know
That our souls are connecting
That our souls are connecting
That our souls are connecting
That our souls are connecting
See no one ever really dies
See no one ever really dies

I wanna let you know
I wanna let you know
