

Too Close

Wilkinson

You shout me down you left me here on the floor.
I left my self wide open, and I shouldn't know.

Don't come too close I won't give away my heart.
Don't come too close I won't give away my heart.
Don't come too close I won't give away my heart.
Don't come too close I won't give away my heart.

Don't come too close I won't give away my heart.
Don't come too close I won't give away my heart.
Don't come too close I won't give away my heart.
Don't come too close I won't give away my heart.

You shout me down you left me here on the floor.
I left my self wide open, and I shouldn't know.

Don't come too close I won't give away my heart.
Don't come too close I won't give away my heart.
Don't come too close I won't give away my heart.
Don't come too close I won't give away my heart.
