## **Too Close**

## Wilkinson

```
You shout me down you left me here on the floor.
I left my self wide open, and I shouldn't know.
Don't come too close I won't give away my heart.
Don't come too close I won't give away my heart.
Don't come too close I won't give away my heart.
Don't come too close I won't give away my heart.
Don't come too close I won't give away my heart.
Don't come too close I won't give away my heart.
Don't come too close I won't give away my heart.
Don't come too close I won't give away my heart.
You shout me down you left me here on the floor.
I left my self wide open, and I shouldn't know.
Don't come too close I won't give away my heart.
Don't come too close I won't give away my heart.
Don't come too close I won't give away my heart.
Don't come too close I won't give away my heart.
```
