

# We Will Be

Wilkinson

One hundred thousand reasons  
To keep us seeing the world  
We're stuck inside a season

And were drowning in the pool  
When our hopes and dreams are floating down a river  
Just remember we have power to believe  
We can rise and fight to stand up and deliver  
We will be...  
Oh we will be  
We will be ohh oh oh oh  
We will be ohh oh oh oh  
We will be ohh oh oh oh  
We will be ohh oh oh oh

We will be  
We will be  
We will be  
Ohh oh oh oh  
Ohh oh oh oh  
Trials and tribulations, thrust upon our feet  
I'm losing all my patience  
And its impossible to breath  
When our hopes and dreams are floating down a river  
Just remember we have power to believe  
We can rise and fight to stand up and deliver  
We will be  
We will be  
We will be ohh oh oh oh

We will be  
We will be  
We will be  
Ohh oh oh oh  
Ohh oh oh oh  
We will be...
