

## All About You

Will Downing

I'm not a perfect man, but I do the best I can  
To make you feel satisfied  
Can't think of nothing else  
I just can't help myself  
I wish that you were right here by my side  
I called you on the phone  
even stopped by your home  
I gotta see you so bad  
You're always on my mind  
I feel you deep inside  
Baby, you're the best thing that I ever had

Have I told you  
That you mean the world to me  
And it's all about you and me  
Let me show  
Together what we can be  
And it's all about you and me

I like the things you do  
the sexy way you move  
You know the things that I like  
For me there's only you, for you my love is true  
I'll never, ever leave you and girl that's no lie

Have I told you  
That you mean the world to me  
And it's all about you and me  
Let me show  
Together what we can be  
And it's all about you and me

Have I told you, have I ever told you  
You are the my world and baby, I love you  
Let me show you, baby let me show you  
Every minute, of everyday  
I'm gonna be with you for always

Have I told you  
That you mean the world to me  
And it's all about you and me  
Let me show  
Together what we can be  
And it's all about you and me
