

yeah sign me up I want to run with the pack  
yeah running yeah running  
hey make me one cause I want to be part of  
something yeah running yeah  
to think I will congregate and I'll be  
someone yeah running yeah running  
but you must coat it it's got to be easy to  
swallow yeah running yeah  
I thought sucking on a part of this would solidify  
my existence my existence  
everyone will be known to jump in without me  
now you can't - you will find yourself running  
no more losing you sacrificed to  
our collector your number yeah  
lose your virginity only to become  
open to this world  
give up identity and you become a slave  
and take one for the team  
I'm gone and broken for kicks  
stand on my two feet  
I've gone and broken for kicks  
stand on my two fucking feet  
this life defined me the shoes  
that I never wanted to feel  
this life defined me the shoes  
that I ever wanted to feel  
but I must please  
and I will  
and I must please  
I will perform to mother ghost  
I will perform to mother ghost  
I will perform to mother ghost  
I will perform... I will perform...  
I want to lose my number in this way  
of my own because I want to be...  
lose your virginity only to become  
open to this world  
give up identity and you become a slave  
and take one for the team
