One fine day when those clouds above have gone away Oh I know I'll see you again And when I do We're worry cause I still be true Oh and I know that we'll be together again When night falls Call my love If you need a day just call Oh and I know I'll be running back to you And I will find you no matter how far No matter what you do Oh and I know that we'll be together again Together again when I see you walking by Well you know it makes me feel so high Fields of flowers blooming in my mind And this love this love like ours Know it gets a little bit sweeter every time So when you don't feel so strong hold on hold on Don't you know it won't be long till we're together again? Together again
