

# Hearts Are Gonna Roll

Will Hoge

Everybody all around  
See it all come crashing down  
Upon you now  
What can you do?  
Everybody's talkin 'bout  
How you got it all worked out  
What kept you hanging on?  
Well honey now it's gone, gone, gone  
(chorus)  
Hearts are gonna roll, tonight  
It's time to pay him back,  
For all those times  
He left you on your own,  
Out in the cold.  
Oh my darlin tonight,  
Hearts are gonna roll  
Everybody on the street can see  
You're taking back what you gave free  
A change has come around  
And now you'll watch them all fall down  
You look just like a loaded gun  
It's time for you to have some fun  
Right back to the start,  
Well honey you'll just tear 'em all apart  
(chorus)  
Hearts are gonna roll, tonight  
It's time to pay him back,  
For all those times  
He left you on your own,  
Out in the cold.  
Oh my darlin tonight,  
Hearts are gonna roll  
(bridge)  
Hearts are gonna roll, tonight  
It's time to pay him back,  
For all those times  
He left you on your own,  
Out in the cold.  
Hearts are gonna roll, tonight (tonight)  
It's time to pay him back,  
For all those times (all of those times)  
He left you on your own,  
Out in the cold  
Oh my darlin tonight,  
Don't you know darlin', tonight  
Hearts are gonna roll (hearts are gonna roll) repeat  
til the end
