

I'm Sorry Now

Will Hoge

the lights on in your window,
so i know that you can't sleep.
i'm down here with a secret
that i ain't prepared to keep.
sometimes things are over,
sometimes over doesn't last.
sometimes i can't find my way back home
'til the bottom of a glass,
but, honey, i'm sorry now.
honey, i'm sorry now.
honey, i'm sorry now.
i build it up and i tear it down.
but, honey, i'm sorry now.

i was thinkin' as i stumbled,
like a thousand times before,
i always seem to end up
back in pieces on your floor.
it breaks your heart and then you tell me
that you're a fool to let me in.
and i promise this won't happen anymore
'til i do it all again.
but, honey, i'm sorry now.
honey, i'm sorry now.
honey, i'm sorry now.
i wanna be better, but i don't know how.
honey, i'm sorry now.
honey, i'm sorry now.
honey, i'm sorry now.
seems like everytime i let you down,
but, honey, i'm sorry now.

and next time i come back, love,
know that it's not really me
who's down here with a secret
that i ain't prepared to keep.
