

# America's Song

will.i.am

From Delaware to Tennessee to Hawaii  
From mountain tops  
We have dreams from sea to shining sea  
and now here we are

We have come  
we have prevailed  
who so ever dreamed, this is your will  
Here we are  
Here we are

At the dawn,  
At the morning  
Of a brand new day (a brand new day)  
For all (for all)  
In the spirit of our fathers

America  
America  
America is beautiful (beautiful, yes it is)  
My America  
Your America  
Our America is beautiful

And may God (may God)  
Keep us together  
Cause America (America)  
Is beautiful (beautiful)

May liberty and justice ring for all  
Let your dreams stand tall  
May opportunities fall upon you  
In the land of the free

MARY J. BLIGE

We have come  
And we have prevailed  
Who so ever dreamed, this is your will  
And here we are  
Here we are

At the stars  
And the risen  
Of a brand new day (of a brand new day)  
For all (for all)  
In the spirit of the fathers (spirit of the fathers)

America  
America  
America is beautiful (beautiful, yes it is)  
My America  
Your America  
Our America is beautiful

America  
America  
America is beautiful (beautiful, yes it is)  
My America

Your America  
Our America is beautiful

America  
America  
Is beautiful to me
