

# We Got Chu

will.i.am

Something sorta special... powerful

We got chu (got chu), we got chu (let's get the)  
We got chu (party), we got chu (started)  
Let's do this, let's do this  
Let's do this, get this started noooooow  
(A one, two)  
Let's do this, let's do this  
Let's do this, get this started

Emcees just get your bars up, believe I spit the deadliest poems  
Steady in zoned, I cock back ready and stoned  
Slap box rap, heavy and armed, relax ock  
It's hardball on the blacktop, throwin them bows  
So lo and behold, the honorable As' rap  
Phenomenal competition, I flatten rappers out like ham bones  
Ya crew cut characters contain something other than first of all  
My hip-hop is straight from the gutter position we left  
Instantly anticity shows  
Officially spittin until I turn officially gold  
And it's the hunger that I be gettin me over  
Just when I expose the most outlandish to my folder  
Book binder, somethin that I took some time on  
To cultivate the masses with these gold chain sciences

It's Flii styles with the terrible parables  
Pillage a whole village with pistol-grip paragraphs'll stare at you  
Foolin with the vocal vigilante dog, please  
My style's master, your style's asthma, breathe  
Hardcore boy, I ain't givin up no dap  
Head peasier than pubic naps wit stupid raps  
Who could rap? Bring that ass here to me  
Asia hangin them over the bridge like Nino from New Jack City  
Who's that, kiddies? Nice and pretty witty, they can't get wit' 'ii  
Titanium wrecking ball flows, slaughter my foes  
Case closed, mouth closed, I don't wanna hear no babble  
It sounds like a blisha-blasha-blah  
See they listen to us cause you were never enough  
And I'ma hit the people with the game on 'ii  
If I don't represent the town, shame on me

We got chu (got chu), we got chu (got chu)  
We got chu (party), we got chu (started)  
Let's do this (do it), let's do this (do it)  
Let's do this, get this started now  
Let's do it do it, let's do it do it  
Do it do it, do it, and do it do it  
Let's do this (do it), let's do this (do it)  
Let's do this, get this started  
Let's do it do it, let's do it do it  
Do it do it, do it, and do it do it

Hey, yo Flii, you the illest  
Man Asia, you the realest  
Put us both together it's the ultimate  
We came to give the party people what they 'posed to get  
Live worldwide, why you makin local hits?

On the block I still post with kids  
Have 'em on my street time  
On some gold chains, poster biz

Wow, now that's real marketing  
Spark the meeting with the label to stably enable hits

Major events, daddy rich lay in the tent  
Playin the hit, relayin this for ladies and gents

Relentless with this prolific, so we said what we meant  
We live what we did, we leave, it's weird, do it again

So next time come through with your mens (you and your kin)  
Slick with the mic, could have you slide through in the Benz

Slick with the talk and how you scoopin her and her friend  
Extermin these plans for currency insurance and gems  
Knowledge Wisdom, they got it with them, recitin the hymns  
Enlighten the men, mic fight writin with them

Tight with the pen, ballpoint the thoughts that we think  
You gotta feel it, it's sorta like we live in the ink, we got chu!

We got chu (got chu), we got chu (got chu)  
We got chu (party), we got chu (started)  
Let's do this (do it), let's do this (do it)  
Let's do this, get this started now  
Let's do it do it, let's do it do it  
Do it do it, do it, and do it do it  
Let's do this (do it), let's do this (do it)  
Let's do this, get this started  
Let's do it do it, let's do it do it  
Do it do it, do it, and do it do it
