

Men in Black

Will Smith

Hohh

Here come the men in black
Its the mibs uh here come the mibs
Here come the men in black men in black
They wont let you remember

Nah nah nah
The good guys dress in black remember that
Just in case we ever face to face and make contact
The title held by me mib
Means what you think you saw you did not see
So dont blink be what was there is now gone
The black suits with the black ray bans on
Walk in shadow move in silence
Guard against extra terrestrial violence
But yo we aint on no government list
We straight dont exist no names and no fingerprints
Saw somethin strange watch your back
Cause you never quite now where the mibs is at
Uh eh

Here come the men in black men in black
Galaxy defenders oho oho oho
Here come the men in black men in black
They wont let you remember

Aha aha
Now from the deepest of the darkest night
On the horizon bright light enters sight tight
Camaras zoom on the impending doom
But then like boom black suits fill the room up
With the quickness talk with the witnesses
Hypnotizer neuralizer
Vivid memories turn to fantasies
Aint no mibs can I please
Do what we say thats the way we kick it
Dya know what I mean
I see my noisy cricket get wicked on ya
Were your first last and only line of defense
Against the worst scum of the universe
So dont fear us cheer us
If you ever get near us dont jeer us were fearless
Mibs freezin up all the flack
Whats that stand for men in black
Uh eh

The men in black
The men in black

Let me see ya just bounce it with me
Just bounce with me
Just bounce it with me
Come on let me see ya just slide with me
Just slide with me
Just slide with me
Come on let me see ya take a walk with me

Just walk with me
Take a walk with me
Come on and make your neck work
Now freeze

Ohhhhhoh

Here come the men in black men in black
Galaxy defenders ohh ooohh
Here come the men in black men in black
They wont let you remember oh nohh

Alright check it
Let me tell you this in closing
I know we might seem imposing
But trust me if we ever show in your section
Believe me its for your own protection
Cause we see things that you need not see
And we be places that you need not be
So go on with your life
Forget that roswell crap
Show love to the black suit cause
Thats the men in
Thats the men in

Here come the men in black here they come
Galaxy defenders galaxy defenders
Here come the men in black oho here they come
They wont let you remember wont let you remember

Here come the men in black ohh here they come
Galaxy defenders oho oho oho
Here come the men in black
They wont let you remember
