

# If It Hadn't Been for Love

Will Young

Romeo would still be breathing  
If it hadn't been for love  
But we'd have nothing to believe in  
If it hadn't been for love

Love hurts you  
Deserts you  
But we still come back for more  
Why do we fall?

If it hadn't been for love  
What would be come of us?  
What else would be enough?  
If it hadn't been for love

Those who fell would still be standing  
If it hadn't been for love  
But who'd be there to break the landing  
If it hadn't been for love

Love finds you  
And blinds you  
But we still come back for more  
Why do we fall?

If it hadn't been for love  
What would be come of us?  
What else would be enough?  
If it hadn't been for love
