

# Out of My Mind

Will Young

All you have to do is think about it  
Baby, you drive me crazy all the time  
When you play me  
I'm burning with the lies that you feed me  
Chasing my despair  
I can see you smiling till I'm over the edge

Do yourself a favour  
Realize you win every game  
Cause it's plain to see that I'm  
A mouse of a man

Yeah  
Get me out of my mind  
I don't feel so good  
Get me out of my mind  
I don't feel so good

Lately  
You reply with your lies that I'm failing  
You leave me high and dry  
Over, over, over  
You trip me around

I tell you baby  
"Do yourself a favour  
Realize you win every game  
Cause it's plain to see that I'm  
A mouse of a man  
Yeah  
You made a mouse of a man."

Yeah  
Get me out of my mind  
I don't feel so good  
Get me out of my mind  
I don't feel so good

Try to understand that I'm losing my heart

Yeah  
Get me out of my mind  
I don't feel so good  
Get me out of my mind  
I don't feel so good

Try to think about it  
Let's think about it

All you ever do is think about it

Breaking it to you

Cause you've got to  
Get me out of my mind  
Breaking down the walls  
I'm falling apart

Get me out of my mind  
Try to understand that I'm losing my heart

Try to understand  
Think about it
