

Outsider

Will Young

Taking my time to find a new smile on my face,
Wondering how,
I'm back here now again,
My feet wont run,
I've slowed right down in my mind,
The clocks are on strike,
They will not tell the time.

Ooh Ooh.

And every face still looks the same to me,
I can't hear the words,
Wont hear the signs they speak of.

Ooh Ooh.

I'm an outsider,
Standing on the lonely ground,
It doesn't matter what you say,
It doesn't matter who you've found,
Traded in my past,
Traded in my old ways,
Now I'm an outsider standing on the lonely ground,

Ooh Ooh.

Standing on the lonely ground,
Standing on the lonely ground.
