

## Safe from Harm

Will Young

I could run away  
Right out of my life  
You could choose to live  
Under purple skies  
There's a power in you

Coz I can't find a way  
Of feeling safe  
And so I'm running away  
And I don't understand  
It's in your hands  
And so I'm running away  
I'm running away

Your being cruel  
Always hurting me  
There's blood on your hands  
That you can't see  
And you got too many scars

Coz I can't find  
Of feeling safe  
And so I'm running away  
And I don't understand  
And it's in your hands  
And so I'm running away  
And I can't find of feeling safe  
And so I'm running away  
And I don't understand  
And it's in your hands  
And so I'm running away  
I'm running away  
I'm running away

Coz I can't find a way  
Can't find a way  
I can't find a way  
Coz I can't find a way  
I can't find a way  
I can't find a way (to keep me safe from harm)  
Coz I can't find a way  
Can't find a way  
I can't find a way (to keep me safe from harm)  
Coz I can't find a way  
Can't find a way  
I can't find a way (to keep me safe)

I could run away
