

# Your Game

Will Young

I see you floating it constantly  
You're making me feel like you and I could be real  
But then you're flipping the game  
You walk away and turn your back baby  
Stop treading on me  
Baby  
Cause I'm mystified  
And you know I've tried, baby  
I just can't get through to you

What you gonna do?  
I don't know  
What you gonna say?  
I ain't sure  
Always the same  
All the time  
Every day  
Played my mind  
I can't keep wasting my time on your game

I've taken all that I can  
I've given to you my all  
But you don't seem to respond, baby  
Oh, I can't stand all this waiting  
Cause my patience is fading  
Pretty soon I'll be gone

Let's rectify it  
You can't deny it  
The way that you feel for me  
Tell me

What you gonna do?  
I don't know  
What you gonna say?  
I ain't sure  
Always the same  
All the time  
Every day  
Played my mind  
I can't keep wasting my time on your game

No more, no more  
No more wasted time  
Playing your game  
I've seen this all before  
Time and time, no way

Cause I'm mystified  
You know that I've tried  
I just can't get through to you

What you gonna do?  
I don't know  
What you gonna say?  
I ain't sure  
Always the same

All the time  
Every day  
Played my mind

What you gonna do?  
I don't know  
What you gonna say?  
I ain't sure  
Always the same  
All the time  
Every day  
Played my mind  
I can't keep wasting my time on your game

No more, no more  
Wasted time  
Playing your game  
I've seen this all before  
Time
