

Muddy Shoes

William Clark Green

Listen to me closely so you can understand
I got nine million dollars and a business plan
I got a trophy wife and a new Royal Royce
She's got one hundred thousand dollars cash in her purse
I went down to the river in my new pair of shoes
I got them all muddy now I'm singing the blues

I got nothing to do, all day to complain
If your treasures are in heaven then I think you're insane
I'm so pissed off, I don't know what to do
I just done bought those brand new shoes

I'm a certified government politician man
I never really care about the money I spend
Because I take from the poor and I steal from the rich
The left and right are both full of shit
I went down to the river in my new pair of shoes
I got them all muddy now I'm singing the blues

I got nothing to do, all day to complain
If your treasures are in heaven then I think you're insane
I'm so pissed off, I don't know what to do
I just done bought those brand new shoes
