

# Don't Cry For Me

William Control

I awoke from a night laid in ice  
Well, goddamn, she's gone  
Now my body's a mess  
The voices screaming no  
I can't hear a word  
And this gun, eyes closed  
Will put my body to rest

All I see is sadness  
I can stand the rain  
I fall into madness  
And all of your hate, hate, hate, hate

I've seen enough, it's killing me  
It's time to go, it's time to breathe  
I've lost and loved so much

Don't cry for me  
It's over, say goodbye  
Don't cry for me  
It's over, say goodbye

All I see is sadness  
I can stand the rain  
I fall into madness  
And all of your hate, hate, hate, hate

Don't cry for me  
It's over, say goodbye  
Don't cry for me  
It's over, say goodbye  
Don't cry for me  
It's over, say goodbye  
Don't cry for me
