## I Don't Feel It Anymore

## **William Fitzsimmons**

Hold on this will hurt more than anything has before What it was, what it was, what it was I've brought this on us more than anyone could ignore What I've done, what I've done, what I've done

I've worked for so long just to see you mess around What you've done, what you've done, what you've done I want back the years that you took when I was young I was young, I was young but it's done

Oh, take it all away I don't feel it anymore Oh, take it all away

Oh, take it all away I don't feel it anymore Oh, take it all away

We'll fall just like stars being hung by only string Everything, everything, here is gone No map can direct how to ever make it home We're alone, we're alone, we're alone

Oh, take it all away I don't feel it anymore Oh, take it all away

Oh, take it all away I don't feel it anymore Oh, take it all away
