

## Just Not Each Other

William Fitzsimmons

Walked back home from this disaster  
Saw your ghost under the plaster  
My heart in thrown, broken to pieces  
I'm coming home.

Lost my way, gave up my treasure  
Hid my heart, lost you forever  
wont know her father,  
I cant come home.

Loved you first, when we were children  
You broke my heart, all that's forgiven  
We lost our chance to love one another  
Well love again (we will) but just not each other (repeat  
til fade)
