

Please Forgive Me (Song of the Crow)

William Fitzsimmons

My demons walk with me
They told me not to leave them...alone
I put you on the tree
I tore your heart to pieces

You swept me off my feet
You gave your heart to me...alone
I left you out at sea
I left you there to plea

Please forgive me
Please please forgive me

My demons walks with me
I beg them not to leave me...alone
And so your heart is free
And so your heart is free
