## You'll Have Time

## **William Shatner**

Live life, live life like you're gonna die Because you're gonna I hate to be the bearer of bad news But you're gonna die

Maybe not today or even next year But before you know it you'll be saying "Is this all there was? What was all the fuss? Why did I bother?"

Now, maybe you won't suffer maybe it's quick But you'll have time to think Why did I waste it? Why didn't I taste it? You'll have time 'cause you're gonna die

Yes it's gonna happen because It's happened to a lot of people I know My mother, my father, my loves The President, the kings and the Pope they all had hope

And they muttered just before they went Maybe, I won't let go Live life like you're gonna die Because you are

Maybe you won't suffer maybe it's quick But you'll have time to think Why did I waste it? Why didn't I taste it? You'll have time 'cause you're gonna die

I tell you who else left us Passed on down to heaven no longer with us Johnny Cash, JFK, that guy in the Stones Lou Gehrig, Einstein, and Joey Ramone

Have I convinced you? Do you read my lips? This may come as news but it's time You're gonna die, you're gonna die

By the time you hear this I may well be dead And you my friend might be next 'Cause we're all gonna die

Yeah, oh maybe you won't suffer and maybe it's quick But you'll have time to think Why did I waste it? Why didn't I taste it? You'll have time, you'll have time cause you're gonna die

Yes, you're gonna die You're gonna die, I tell you You're gonna die, you're gonna die

'Cause maybe you won't suffer maybe it's quick But you have time to think Why did I waste it? Why didn't I taste it? You'll have time 'cause you're gonna die

Live life, life, life like you're gonna die Because you're going to Oh yes I hate to be the beater of bad news But you're gonna die

Maybe not today or even next year But before you know it you'll be saying "Is this all there was? What was all the fuss? Why did I bother?

Y O U apostrophe R E G O double N A D I E die You are gonna die Lung cancer, heart attack, diabetes, drug overdose Choke on a chicken bone, hit by a lightning bolt Heart attack, airplane crash Car wreck, fucked up in your ass
