

# Blue Must Be The Color Of The Blues

Willie Nelson

Up above me are the skies  
Like the twinkle in your eyes  
There things are the color of the blues  
In the mail your letter came  
The ink and paper looked the same  
Blue must be the color of the blues

Blue birds singing in the trees  
Seems to sympathize with me  
For he's not singing like he use to do  
The pretty water in the sea  
Still as cold as you left me  
Yes, blue must be the color of the blues

There's a rainbow over head  
With more blue than gold and red  
Blue must be the color angels choose  
And the blue dress you proudly wore  
When you left to return no more  
Blue must be the color of the blues

Blue days come and blue days go  
How I feel nobody knows  
Life is pretty empty without you  
There's a blue note in each song  
That I sing since you are gone  
Yes, blue must be the color of the blues
