

Cold War with You

Willie Nelson

The sun goes down and leaves me sad and blue
The iron curtain falls on this cold war with you
Though you won't speak and I won't speak it's true
Two stubborn people with a cold war to go through

Why, oh why should love ever come
To couples like you and me
Whose cold cold wars are never won
And whose hearts just can't be free
So, let's do right or let's just say we're through
I just can't stand another cold cold war with you

Why, oh why should love ever come
To couples like you and me
Whose cold cold wars are never done
And whose hearts just can't be free
So, let's do right or let's just say we're through
I just can't stand another cold cold war with you
I just can't stand another cold cold war with you
