

## Cold War with You

Willie Nelson

The sun goes down and leaves me sad and blue  
The iron curtain falls on this cold war with you  
Though you won't speak and I won't speak it's true  
Two stubborn people with a cold war to go through

Why, oh why should love ever come  
To couples like you and me  
Whose cold cold wars are never won  
And whose hearts just can't be free  
So, let's do right or let's just say we're through  
I just can't stand another cold cold war with you

Why, oh why should love ever come  
To couples like you and me  
Whose cold cold wars are never done  
And whose hearts just can't be free  
So, let's do right or let's just say we're through  
I just can't stand another cold cold war with you  
I just can't stand another cold cold war with you
