I just thought, that you would like to know
That I would, do anything, just to make your dreams, just to ma
ke your dreams come true

Well I just thought, that you would like to know, that I... I w ould climb the highest tree

Just to make your dreams, just to make your dreams, come true

I know, that it seems like, I am full of hot air But my heart is in the right place I swear, I swear

I just thought that you, would like to know, that I... I would do anything
Just to make your dreams, just to make your dreams come true

Now I know that it seems like, I'm full of hot air But my heart
My heart is in the right place
I swear, I swear

And I just thought that you, would like to know
That I... I'd do anything... anything, just to make your dreams

Just to make your dreams come true

Just to make your dreams, just to make your dreams...
...
Come true
