End Of Understanding

Willie Nelson

Each time you hurt me you say you're sorry I try to understand
and say okay
But there must be an end to understanding and the end of mine c
an't be too far away
I try to understand you're only human and we all make mistakes
every day
But there must be an end to understanding and I know that I jus
t can't go on this way
Don't you know that love and understanding go together
Ask too much of one and both will die
And there must be an end to understanding
And I know someday I'll reach the end of mine
And I know someday I'll reach the end of mine
