I Can Cry Again

Willie Nelson

It's good to see that I can cry again

Now I return to life and live again

As the teardrops wash the heartaches from a man

I'm glad to say that I can cry again

So long my pride would not let my tears to fall

I walk walk to burning hell and never cry at all

As the teardrops wash the heartaches from a man

I'm glad to say that I can cry again

So long my pride would not let my tears to fall I walk walk to burning hell and never cry at all As the teardrops wash the heartaches from a man It's good to know that I can cry again I'm glad to say that I can cry again
