

# I Can Get Off on You

Willie Nelson

Take back the weed and take back the cocaine, baby  
Take back the pills and take back the whiskey too  
I don't need them now for your love was all I was after  
I'll make it now 'cause I can get off on you

And I can get by on little  
Or nothing at all, I know  
I can get high just  
Thinkin' about you and so

You can take back the weed and take back the cocaine, baby  
Take back the pills and take back the whiskey too  
I don't need them now 'cause your love was all I was after  
I'll make it now 'cause I can get off on you

And who would have thought  
This was somethin' that I'd ever do  
Bu I'm working it out  
And I'm mellowing out on you

You can take back the weed and take back the cocaine, baby  
Take back the pills and take back the whiskey too  
I don't need them now 'cause your love was all I was after  
I'll make it now 'cause I can get off on you  
I'll make it now 'cause I can get off on you
