

# I Let My Mind Wander

Willie Nelson

I let my mind wander  
And what did it do?  
It just kept right on goin'  
Until it got back to you  
I let my mind wander

Can't trust it one minute  
It's worse than a child  
Disobeys without conscience  
It's drivin' me wild  
When I let my mind wander

Try to keep my mind busy  
On thoughts of today  
But invariably memories  
Seem to lure it away

My lonely heart wonders  
If there'll ever come a day  
When I can be happy  
But I can't see no way  
'Cause I let my mind wander

I try to keep my mind busy  
With thoughts of today  
But invariably mem'ries  
Seem to lure it away

My lonely heart wonders  
If there'll ever come a day  
When I can be happy  
But I can't see no way  
'Cause I let my mind wander
