## I'm a Memory

Willie Nelson

I'm a game that you used to play And I'm a plan that you didn't lay so well I'm a fire that burns in your mind Close your eyes I'm a memory I'm a love that you bought for a song And I'm a voice on a green telephone And I'm a day that lasted so long Close your eyes I'm a memory I'm a dream that comes in the night And I'm a face that fades with the light And I'm a tear that falls out of sight Close your eyes I'm a memory
