

# I'm Not Trying to Forget You

Willie Nelson

I'm not trying to forget you anymore  
I've got back into remembering all the love we had before  
And I'd been trying to forget someone that my heart still adores  
So I'm not trying to forget you anymore

You're just someone who brought happiness into my life  
And it did not last forever, oh, but that's alright  
We were always more than lovers and I'm still your friend  
And if I had the chance, I'd do it all again

I'm not trying to forget you anymore  
I've got back into remembering all the love we had before  
And I'd been trying to forget someone that my heart still adores  
So I'm not trying to forget you anymore

You're just someone who brought happiness into my life  
And it did not last forever, oh, but that's alright  
We were always more than lovers and I'm still your friend  
And if I had the chance, I'd do it all again

So I'm not trying to forget you anymore  
I got back into remembering all the love we had before  
And the best day of my life is still when you walked through my door  
So I'm not trying to forget you anymore  
I'm not trying to forget you anymore
