

I'm Waiting Forever

Willie Nelson

I'm waiting forever for you
For this is my destiny
This is what I am to do

But forever ain't no time at all
It's only the time
Between telephone calls

And the love that I hear
And your voice is so clear comin' through
Keeps me waiting forever
Waiting forever for you

I'm waiting forever for you
For this is my destiny
This is what I am to do

Waiting is no waste of time
I just play out the scenes
On a stage in my mind

I love makin' love to your memory
It's all that I do
While I'm waiting forever
Waiting forever for you
