

I Never Cared for You

Willie Nelson

The sun is filled with ice
And gives no warmth at all
And The sky was never blue
The stars are raindrops
Searching for a place to fall
And I never cared for you

I know you won't believe these things I tell you
No, you won't believe
Your heart has been forewarned all men will lie to you and
Your mind cannot conceive
Now all depends on what I say to you
And on your doubting me
So I've prepared these statements far from truth
Pay heed and disbelieve

The sun is filled with ice
And gives no warmth at all
And The sky was never blue
The stars are raindrops
Searching for a place to fall
And I never cared for you

The sun is filled with ice
And gives no warmth at all
And The sky was never blue
The stars are raindrops
Searching for a place to fall
And I never cared for you

And I never cared for you
And I never cared for you
