

# I Never Cared for You

Willie Nelson

The sun is filled with ice  
And gives no warmth at all  
And The sky was never blue  
The stars are raindrops  
Searching for a place to fall  
And I never carred for you

I know you won't believe these things I tell you  
No, you won't believe  
Your heart has been forewarned all men will lie to you and  
Your mind cannot conceive  
Now all depends on what I say to you  
And on your doubting me  
So I've prepared these statements far from truth  
Pay heed and disbelieve

The sun is filled with ice  
And gives no warmth at all  
And The sky was never blue  
The stars are raindrops  
Searching for a place to fall  
And I never carred for you

The sun is filled with ice  
And gives no warmth at all  
And The sky was never blue  
The stars are raindrops  
Searching for a place to fall  
And I never carred for you

And I never carred for you  
And I never carred for you
