

I've Got a Lot of Traveling to Do

Willie Nelson

I've got a lot of travellin' to do
A whole lot of travellin' to do
Talk about a mover who has way too much to lose
Each time I put back on my ramblin' shoes
I've got a lot of travellin' to do

I've got a lot of travellin' to do
A whole lot of travellin' to do
Well the road's gettin' crowded
And they're shortenin' my view
And there ain't nothin' here that I really care to lose
I've got a lot of travellin' to do

A whole lot of travellin' to do
And I can't forget the shit you put me thru'
And of course I can't forget you
Cause that's just what I do
But I've got a lot of travellin' to do

I've got a lot of travellin' to do
A whole lot of travellin' to do
I'm gonna fire one up I'm gonna burn it down
And load it right by you
But that wouldn't write a song
I've got a lot of travellin' to do

I've got a lot of travellin' to do
And I can't forget the shit you put me thru'
And of course I can't forget you
Cause that's just what I do
But I've got a lot of travellin' to do
