I Want to Be With You Always

Willie Nelson

I lose my blues, honey When I'm with you No one else can do You're in my heart to stay But when I'm gone and I'm all alone I'll be singing a song I want to be with you always

I'd be happy, dear If you could only be here And always be near Forever and a day We could travel far To some big shining star Just me and my guitar And stay like sweethearts for always

I lose my blues, honey When I'm with you No one else can do You're in my heart to stay But when I'm gone and I'm all alone I'll be singing a song I want to be with you always
