

# If My World Didn't Have You

Willie Nelson

My world has midnight and daylight and sunsets and dawn  
And your eyes like two stars that I dream upon  
Sometimes I'm losing and sometimes I win  
Life likes to make me start over again  
And I don't know what I would do  
If my world didn't have you

If my world didn't have you  
Then I'd have no reason for my dreams to come true  
And somethings would just be too much to go through  
If my world didn't have you

We have good days and bad days and comfort and pain  
It all has a balance like sunshine and rain  
You share with me the blues and the breaks  
And you are the key to the sense it all makes  
No I'd never find my way through  
If my world didn't have you

If my world didn't have you  
Then I'd have no reason for my dreams to come true  
And somethings would just be too much to go through  
If my world didn't have you

If my world didn't have you
