It's All Your Fault

Willie Nelson

Hey baby don't you think I know
I've been acting real funny for a week or so
It's not like me to see things through
But I've never seen a sight quite like you
It's time for me to face the facts
I've gone too far and I can't turn back

I'm in love and it's all your fault
Turned my head and my heart got caught
Gone, without a thought
I'm in love and its all your fault

I've survived behind these walls
Never thought that I could see them fall
Hey now baby, I can't believe
That I give in so easily

The look in your eyes, the feel of your lips
The touch of your skin on my fingertips

I'm in love and it's all your fault
Turned my head and my heart got caught
Gone, without a thought
I'm in love and its all your fault

Ahh yeah!!
The look in your eyes, the feel of your lips
The touch of your skin on my fingertips

I'm in love and it's all your fault
Turned my head and my heart got caught
Gone, without a thought
I'm in love and its all your fault

Turned my head and my heart got caught
Gone, without a thought
I'm in love and it's all your fault

Yeah!
Turned my head and my heart got caught
Gone, without a thought
I'm in love and it's all your fault
