

# Lonely Little Mansion

Willie Nelson

(I'm a lonely little mansion for sale)  
Furnished with everything but love  
I'm looking for someone to come live with me  
I've got a large picture window  
And a yard filled with trees  
The sign reads two stories  
And that's all that's for sale  
But there's so many stories I could tell  
My windows are closed and I'm gasping for air  
My carpets are spotted  
With tear stains here and there  
A torn photograph still lies on my floor  
And two sweethearts don't live here anymore  
I'm a lonely little mansion for sale  
And for someone I'd fit just like a glove  
I'm a lonely little mansion for sale  
Furnished with everything but love
