

# Moment of Forever

Willie Nelson

Was it wonderful for you  
Was it holly as it was for me  
Did you feel the hand of destiny  
That was guiding us together

You were young enough to dream  
And I was old enough to learn something new  
I'm so glad I got to dance with you  
For a moment of forever

Sometimes when you're cryin you're happy  
And sometimes you're just cryin  
I know I know

And come whatever happens now  
Ain't it nice to know that dreams still come true  
I'm so glad that I was close to you  
For a moment of forever

Sometimes when you're cryin you're happy  
And sometimes you're just cryin  
I know I know

And come whatever happens now  
Ain't nice to know that dreams still come true  
I'm so glad that I was close to you  
For a moment of forever
