

No Mas Amor

Willie Nelson

No mas amore, no mas amore aqui
No love to be found
No one around now, but me
Last time I saw her
Was down by the edge of the sea
No mas amore, no mas amore aqui

(I would have followed you to anywhere
Nowhere I wouldn't have gone
You could have taken me anywhere
You had to go it alone)

No mas amore, no mas amore aqui
No love to be found
No one around now, but me
Last time I saw her
Was down by the edge of the sea
No mas amore, no mas amore aqui

Down by the rocks
Where the waves play the shore like a drum
Sometimes I swear
I can hear her guitar gently strum

(I walk the beach,
Underneath the moons pale blue light)

Haunted by the song
Of a love lost to the changing tide

(I would have followed you to anywhere
Nowhere I wouldn't have gone
You could have taken me anywhere
You had to go it alone)

No mas amore, no mas amore aqui
No love to be found
No one around now, but me
Last time I saw her
Was down by the edge of the sea
No mas amore, no mas amore aqui

No mas amore, no mas amore aqui
