Permanently Lonely

Willie Nelson

Don't be concerned it's time I learned That those who play with fire get burned But I'll be alright in a little while But you'll be permanently lonely Don't be too quick to pity me Don't salve my heart with sympathy Cause I'll be alright in a little while But you'll be permanently lonely The world looks on with wonder And pity at your kind Cause it knows that the future Is not very pretty for your kind for your kind Will always be runnin' and wonderin' What's happened to hearts that you've broken And left all alone But we'll be alright in a little while But you'll be permanently lonely Runnin' lonely
